Looks like I made a typo in the address in my request. It should have read,

" I would like to request further information regarding FINDS registry ID 110002116503, 1800 South Walnut Street, Bloomington, IN, for the US EPA TRIS listing."

I am any documents pertaining to this facility in the TRIS, because on the website the facility does not appear to be in the TRIS. Also, the first link provided stated the property has Cleanup reports. I would like to request a copy of those reports. Thank you.

Please describe the records you are requesting under the Freedom of Information Act (FOIA). If you know or believe EPA has records that you are seeking, give as much information as you can about the records. you may want to review the following website to help you clarify your request or that may be of use to you.
